“ To know my father was to love him. He had a strong presence, as well as personality. I am his eldest child and I truly miss him. Realize how much a person means to you while they are still alive and appreciate them. I will always love you Daddy!!!

“ I am so proud of my daddy. He grew up hard and worked even harder together with his wife, my mother Vivian Blake to provide a much better life for me and my siblings. He was in the military/Army, Head Supervisor at Creedmore, a strong leader, a strong Man overall whom enjoyed his hobbies from fishing and crabbing in his boat, building huge model airplanes & flying them not too far from a military base, working on his or my mother's cars to repairing things around the house and building things like the screened in back porch to the house we grew up in, cooking the best rice n peas, fried chicken, steak, cod fish steaks and much MORE. Though he got sick and his health declined over the past 7 years, he fought hard daily to hold on to his independence, strength & dignity. For that I am proud of him, admires him and am happy that I was there for him from beginning when he had to have emergency brain surgery 7 years ago till he took his last breath at 6:55PM on 10/12/2018. I love & miss you daddy and you will forever be in my heart!!!

“ Please accept my condolences on the passing of your dear beloved one. May you continue to feel comfort by the love and support from family and friends as the Bible book of Proverbs 17:17 and Psalm 46:1 assures us
