“Hi, my name is Michelle Oliver and I am a cousin from Nova Scotia, my family and I would like to extend our deepest condolences to Elaine, Wanda, Jennifer and Martha and the rest of my family there in New York and here in Nova Scotia. One of my fondest memories of my cousin Alvin happened quite a few years ago when my mother, my aunt, who have since passed, my sister in law my daughter and myself were visiting and we were going to see a Broadway show and he was driving us in one of the limousines, we felt like we were stars, as we neared the theater Alvin turned the corner and side swiped a car we all said ooohhhhhh Alvin was as cool as a cucumber nothing seemed to get him rattled, he was so cool, he didn't want anything to ruin our first trip to Broadway, he turned the corner and let us out as people watched wondering who are these people which stars will we see tonight, Alvin got out opened the door for us and we got out with our big Nova Scotia smiles taking in everything with wide eyes, I'll never forget that. There are a few other memories like the time we were visiting and we bought so much stuff we had to take home a carrying case that you mounted on the roof of our car that Alvin and Elaine owned. Alvin took the time and made sure it was installed properly and wouldn't blow off while we were making the long drive back home to Nova Scotia. There was another time while shopping my car broke down and Alvin and Elaine came to pick us up, Alvin didn't complain, in the early years, before the GPS era, Alvin would take us shopping and wait for us for hours, like I said he was as cool as a cucumber, he reminded me of Sydney Poitier so handsome, cool and easygoing he will be greatly missed by everyone who knew him.

*My deepest condolences, I'll love you always  
Michelle, Earle and family.*
