“ My cousin and my brother in the summer time, the memories of being in Yonkers and having a big family experience was so much fun. Alvin always wanted to sleep in on Saturdays and aunt Margaret wasn't having it. She had the broom😓 and he knew how to Hop☐ He sometimes called me to check and see how I was doing, offering support like a brother would. That's what I appreciated about both of the boys. Even over the years and so many miles away, I still feel that family closeness. When you think about calling a loved one...Just call💓 Miss u now Alvin... Love yall girls😊 Thank you so much💓🙌🙏☐ Debbie
