“ I was so very sad to hear of Ama's passing. I worked with Ama at DHS, first as her coworker then later, she became my supervisor. When I think of Ama, I remember how she was always upbeat, positive and a person who seemed to love life.

A vivid memory I would like to share is from around 2015 just before Halloween. Our work hosted a pumpkin decorating contest. Ama and I had never hung out together socially but a few of us were pretty excited to participate so we banded together. I remember really enjoying getting to know Ama better. She had a wicked sense of humor and we just all had a great time.

I also want to say that Ama, as my supervisor, was very supportive of me when I got pregnant. When I told her, the joy radiating from her face was something I will never forget. And even though my situation impacted our work unit, she always had great empathy and had my back. I will always be grateful for that.

I am so very sorry for your loss. Sharon Municello-Baker

“ I was so sad to hear of Ama's passing. She and I worked together at DHS and she later became my supervisor. She was always upbeat and full of life and was well liked by her coworkers. I have one vivid memory of Ama that I'd like to share. The first is around Halloween (maybe 2015). Our work had a pumpkin decorating contest and a few of us got together to make these crazy looking pumpkins. Ama and I had never hung out together after work but I remember having a great time with her.

She was also supportive of me when I got pregnant- she was my supervisor during that time. She was soo happy, I remember that clearly, her face so joyful when I told her.

Ama was a wonderful, bright young woman. I am so very sorry for your loss.
