“ *From the Patrick's Family to the Family of Cynthia smalls: Cynthia was our neighbor at 7 Cottage. Over the years our family became very close friends with Cynthia. we shared many laughs and tons of good conversation that will forever remain etched in our memories. She loved, respected our parents Enid & Randolph Patrick as they did her. She was unique in her personality and witty in her humor. our family grew to understand her which strengthened the bond of our friendship. She was the kind i couldn't just pass by with just a "Hi Cynthia" - no we talked, joked, and laughed out loud ! never a dull moment. After a time she was more than a neighbor - she became family.*

She was the first one who taught my grandson how to throw a punch, stood him up on a chair taught him how to Box - then nicknamed him TYSON. Only Cynthia , we loved her unconditionally as she did us. She will always be in our hearts. Go peacefully Cynthia - your Chariot Awaits !
