“ I remember going to Aunt Dee Dee’s house and spending time with my cousins, eating pizza and enjoying the weekend! Aunt Dee Dee always made us feel welcomed and loved. Aunt Dee was such a beautiful, classy, and humble woman. I am truly blessed to have had her in my life when I was young. Love you Aunt DeeDee (Diane) may you rest in peace. Lovel LaVonne

“ Hello Diane. May you rest in eternal peace.

I'm so glad I met you when I moved into 66 Overlook Terrace many years ago. I enjoyed our brief, and sometimes long, conversations we would have. You always provided great advice and wisdom. You lived and enjoyed life. You will be missed. God bless you.

“ I wish Diane’s family comfort and peace in this difficult time. Diane touched so many lives in the very best way. I was so fortunate to work with Diane in her days at Faded Glory. I always appreciated her ability to make work productive, but still fun. But more important than working with her was being her friend. My favorite memory of Diane was when we were in Hong Kong and had our final steak dinner courtesy of Faded Glory and the young people would go to night market, but Diane and I had our own night market. It was sitting in the Regent hotel, looking out the big windows, having drinks and solving the world’s problems. We were good at that! Although we didn’t see a lot of each other in the last 10 years our conversations and the few times we got together were always like two old friends that missed each other. We will always miss Diane but thankfully we have so many great memories.

“ I had the pleasure of working with Diane for many years both across the table and side by side. She was one of the most decent and honest people I have known...and one of the kindest and most elegant. The pearls! We always talk about the white shirt and pearls. When she retired the team showed up in white shirts - stand up collar and pearls to her party. Timeless elegance. After she retired we had Friendsgivings with team and zoom meet ups to stay in touch. We will miss her. (No AI was used to write this as I was afraid she would not approve.) Thinking of you, Martha Dugan
