“ Reverend Edgerton was a tribute to a man with a servants heart. I always remember him visiting all of those who were in the hospital and home bound. He left you with scripture and prayer. Always sharing an amusing story to encourage you in your time of need. I am so honored to have known him. He will be sorely missed. Thank God for a patriarch and role model. Condolences to the family. Love and prayers Reverend Cynthia Dorsey

“ To the family of Rev. Dr. Charles Edgerton, I attended UBC as a young adult and I remember Rev. Dr. Edgerton as a dedicated servant of God. I observed his faithfulness and dedication to his calling as a minister. He was consistent in visiting the “sick & shut in,” those in nursing homes, & in the prison. He was a role model of a missionary. As an adult I was inspired to do similar labors of love and continue do them now as a “senior”servant. Praying that God’s love, peace, mercy, and grace will strengthen & keep you.
In Christian love,
