“ Our deepest condolences to Gail's family and community. She loved you all so much. She was such a kind, gentle and giving spirit. I was privileged to work with Gail for several years. Together, we ran a national education research program for surgeons. We became very good friends and had lots of good times traveling together to conferences and meeting and working with people from all over the country. As a fellow "Cancer" baby, we felt we had a special bond. Gail was a great friend and I am so grateful that we stayed in touch over the years. Such a special person! I am so shocked and saddened by her loss and she will be sorely missed

“ Gail was an exceptional soul, down to earth, and a wonderful human being. She was always positive and wise. Even though I was her Admin and worked with her for almost a decade she taught me, advised me, and always reminded me that no matter how stressful our jobs were we would get through and she would say I told you it would be okay. I will miss her dearly, her advice, and our conversations. I know I'm in grief but I know I will see you again in the afterlife. Thank you for being a great colleague and most importantly a dear friend. God Bless you and may you eternally rest in peace!

*To the family,
Precious memories how they linger...I will fondly remember the times
Gail & I shared occasionally as we bumped into each in the
supermarket or laundromat. We talked about the goodness of Lord,
caring for our beloved mothers & family, Greenburgh. We were excited
talking about when we'd be able to visit our daughters in NC. These
are a few of the memories I'll cherish. Family, you have always been an
example of a loving family to me. Keep in your hearts the love and
teachings that your parents taught you parents & stay connected. May
God grant you His peace and comfort during this time.
In Christian Love, prayerfully t
Submitted,
