“ My deepest condolences to Yung , Yolanda, Tatiana, Saniyah, and Junior ant to Sheila and Grayson for the loss of your beloved mother. You were her everything and may her perpetual light shine upon you, comfort and guide you, and may you find her spirit and love in all that you do.

Jackie was a co worker, nursing sister, teacher, friend and sister to me. Her kindness, love, compassion and her profound love for the children and families that she served has continued to inspire me since November, 1989 when we first met. She will remain forever in my heart . Rest In Peace my beloved sister and although we are separated now, you, Maxine and I will always be a trio in my heart .

“ To: Jackie's Family,

My name is Elaine Robinson,. You have my deepest sympathy for the loss of your precious and dear mother Jackie.

I met Jackie in October 1992.

I had became a foster parent to a beautiful 2 week old baby girl that had some challenging issues and rough days ahead.

When my foster child who I proudly call my daughter was taken to Harlem Hospital, Jackie along with the entire team of doctors and nurses made me feel very welcomed. Jackie would go above and beyond her call of duty to make sure I was ok because I was so nervous taking care of this precious baby. Jackie's love and concern for the children at Harlem Hospital, helped the children get through a lot of rough days. When we were at the clinic she was always willing to give a helping hand, and would give the best advice she could possibly give to make your situation and life much better. Even with trying times after talking with Jackie, I would always leave the clinic with a smile on my face knowing there were brighter days ahead.

Yes, Jackie was one in a million. Our love for her will forever remain in our hearts and she will be remembered with high regards and the upmost respect.

We will continue to keep the family in prayer.

“ Jackie was my friend ! We knew each other for about 30 years and we worked together almost as much as that but somewhere in that time period she went from co-worker and acquaintance to FRIEND ! We spoke every three days or so when she moved... sometimes with laughter , sometimes with pain but we never said goodbye on the phone only. I love you! She kept saying "when are you sending that jet (from Criminal Minds) to get me" and I'd say " it was there but you were still asleep." Oh my friend , I know are safe in God's arms now ,Me and all the "kids" will have to go on without you but the love you shared freely will always be remembered and your spirit will be with us forever. Rest my sister - your work here is done !
