“ *A message From Heaven*

To you my family as I walk away from earth to those pearly white gates I feel a sigh of relief for now I no longer have to suffer, but still in disbelief that I have caused my family so much pain, Know that my intentions were not to hurt you but as you already know god has the last say so, know that you might not see me physically but I am always near sending you signs that cool breeze on a hot summer day, that ray of sunshine after a stormy day I am always there, so don't feel guilty that you have life or that mines was taken to soon for I am in a better place watching over you living with you every breath that you take.

“ *There is a loving bond that only family, friends, and classmates can know, built on cherished memories of special times through the years of life. And though words fall short at a time like this, may it help bring you comfort knowing that Preston will be a part of you through this bond that lives in your heart.*

“ *Preston was humble handsome quiet and gentle. Also, my nephew. He Loved Vanilla Ice cream, so do i. One of my Visits he and I almost had a race eating Ice cream. It was fun watching him. He really made sure I had enough in my bowl. So I say....He WILL BE MISSED. 2nd Corinthians states To be absent from the body is to be Present with the Lord. AUNT MACK (MARY).*

“ *My big brother, im missing you so much right now. i know you kept saying dont worry about me im ok. But it didnt ease the pain. You were such a humble person as you went through your trial, you never let us know how sick you were. Rest in peace my big brother. I will forever love you.*

“ *One of my many memories of you is that you taught me how to play Gin Rummy 500 and Black Jack when I was 8th grade. I only remember winning 2 or 3 games and that's only because you let me win those. LOL That's the type Big Brother you was. I'm going to miss you like crazy because I don't have no chauffeur that know how to go anywhere I needed to go!!!!!!!!!!!!!!!!!!!!!! All you would ask is What time you have to be there?*

Now I know why you wanted to make sure that you were the one that drove me to have my surgery on 3-13-2020.

I will cherish all the days we had together in my Heart Forever..I LOVE & MISS YOU.

“ Rest in peace Preston, You fought as long as you could. Even though you were in pain yourself when Portia and I were sick ,you called to see how we were doing. You were a true big brother. I will miss you and I hope that I have the same strong strength you had . God called home another good solider. You knew you were loved by the family.

*P- The Prince of Peace has called me. I heard the voice of God's son.
R- He Raptured my soul to heaven. My work down here was done.
E- The Earth had no more labor for me to stay and do.
S- My Soul now lives with the one that gave breath to me and you.
T- Tears and pain don't exist here. So, don't you cry for me.
O- One day we will meet again. You will capture what I see.
N- Never are you alone, although my soul from Earth is gone. Angels
are watching over you and I have a new job with the One who is faithful
and true.*
